

Department of
**Ecology and Evolutionary
Biology**

Fall
Graduates

2013

The Department of Ecology and Evolutionary Biology
is proud to announce the program completion
of its fall graduates.

Congratulations and best wishes to our alumni.

Master of Arts Graduate

Kate Ingenloff

Faculty Mentor: A. Townsend Peterson

Degree: M.A. in Ecology & Evolutionary Biology

Dissertation Defense: December 2, 2013

Report Title: Trans-Amazon dispersal potential for *Crotalus durissus* during Pleistocene climate events
Currently a doctoral aspirant in the Department of Ecology and Evolutionary Biology at the University of Kansas

Doctor of Philosophy Graduates

Mike Andersen

Faculty Mentor: Robert Moyle

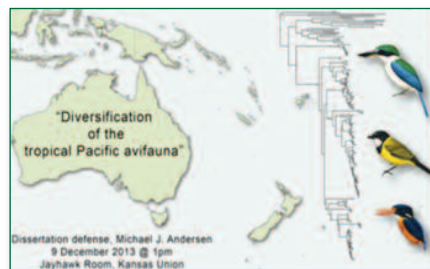

Degree: Ph.D. in Ecology & Evolutionary Biology

Dissertation Defense:

December 9, 2013

Dissertation Title: Diversification of the tropical Pacific avifauna

Currently Chapman postdoctoral fellow at the American Museum of Natural History

Jamie Oaks

Faculty Mentor: Rafe Brown and Mark Holder

Degree: Ph.D. in Ecology & Evolutionary Biology

Dissertation Defense:

October 16, 2013

Dissertation Title: Islands and

Integrals: Processes of Diversification in an Island Archipelago and Bayesian Methods of Comparative Phylogeographical Model Choice

Currently post-doctoral researcher at the University of Washington working on the development of new software and methods for testing models of diversification.

Oscar Toro Núñez

Faculty Mentor: Mark Mort

Degree: Ph.D. in Ecology & Evolutionary Biology

Dissertation Defense: August 26, 2013

Dissertation Title: Systematics and evolution in the tribe Schizopetalae: an approximation to the study of extreme aridity as factor of diversification of an endemic lineage from the Atacama Desert (Chile)
